INDEX

VOLUME 29, 1953

A

Acetylcholine chloride, Local electrocortical responses induced by local application of, to human cerebral cortex, Joseph G. Chusid and C. G. Gutierrez-Mahoney, 150

Addison's disease in adrenalectomized patients, Management of, Delbert M. Bergenstal and Thomas L. Y. Dao, 295

Adenohypophysis, Hormones of the, Abraham White, 11

Adrenal cortex, Hormones of the, Edward C. Kendall, 91

Adrenalectomized patients, Management of Addison's disease in, Delbert M. Bergenstal and Thomas L. Y. Dao, 295

Adrenalectomy, Effects of subtotal, alone and combined with sympathectomy upon the blood pressure levels and complications of severe arterial hypertension, Charles G. Wolferth et al., 115

Albright, Fuller, Common sense in endocrinology, 5

Alcohol problem, Oskar Diethelm, 972

Alcoholism, Historical perspectives of the problem of, Joseph Hirsh, 961

Allan, Frank N., See Anderson, George E., joint author

Anderson, George E., Frank N. Allan, Joseph T. Beardwood, Jr., Garfield G. Duncan and Frederick W. Williams, Management of diabetes (Panel Meeting on Therapeutics), 865

Anesthesia management of the rheumatic cardiac for mitral valvulotomy, Joseph F. Artusio, Jr., 684

Annual Meeting, January 8, 1953
Address, Mr. John W. Davis, 276
Address of the retiring President, Wm. Barclay Parsons, 266
Citation and presentation of the Academy Medal to Rufus I. Cole, M.D., Wm. Barclay Parsons, 272
Citation and presentation of the Academy Plaque to Mr. John W. Davis, Howard Reid Craig, 274
Inaugural address, Alexander T. Martin, 261

Aorta, Coarctation of the, Ward D. O'Sullivan and Israel Steinberg, 687

Arneson, A. N., An evaluation of the use of radiation in the treatment of endometrial cancer, 395

Arterial grafts, Clinical use of homologous, Edward B. C. Keefer and S. W. Moore, 701

Artusio, Joseph F., Jr., Anesthesia management of the rheumatic cardiac for mitral valvulotomy, 684

Asia and the Western World, Relationships in medicine between, Edward H. Hume, 625

Auditory theory, an experimental study of the place principle, Ernest Glen Wever and Merle Lawrence, 159

B

Bacon, Harry E., Jack W. McElwain and Howard D. Trimpi, Surgical management of large bowel lesions, 34

Barr, David P., Thyroiditis and myxedema, 551

Beardwood, Joseph T., Jr. See Anderson, George E., joint author.

Bergenstal, Delbert M. and Thomas L. Y. Dao, Management of Addison's disease in adrenalectomized patients, 295

Biggs (Hermann M.) Memorial Lecture, Poliomyelitis, its control and prevention, a symposium, 909
Bladder, tumors of the, Conservative methods in the treatment of, William A. Milner, 71
Bowel lesions, Surgical management of large, Harry E. Bacon, Jack W. McElwain and Howard T. Trimpi, 34
Braceland, Francis J., Hormones and their influence on the emotions, 761
Brain tumor surgery, Development of, Gilbert Horrax, 307
Browne-Mayers, Albert N. and Leonard R. Straub, Metrazol activation of the electroencephalogram in psychiatric patients, 80

C

Cahill, George F., Pheochromocytoma, 745
Cardiac catheterization, Relation of, to cardiovascular surgery, Daniel S. Lukas, 668
Cardiovascular surgery, a symposium
Anesthesia management of the rheumatic cardiac for mitral valvulotomy, Joseph F. Artusio, Jr., 684
Clinical use of homologous arterial grafts, Edward B. C. Keefer and S. W. Moore, 701
Coarctation of the aorta, Ward D. O'Sullivan and Israel Steinberg, 687
Introductory remarks, Frank Glenn, 666
Mitral commissurotomy, Frank Glenn and Harold J. Stewart, 677
Patent ductus arteriosus, George R. Holswade and Henry P. Goldberg, 694
Relation of cardiac catheterization to cardiovascular surgery, Daniel S. Lukas, 668
Carpenter (Wesley M.) Lecture, Thyroiditis and myxedema, David P. Barr, 551
Castiglioni, Arturo, 1874-1953 (obituary), Jerome P. Webster, 438
Cervical disc syndrome, differential diagnosis and management based on twenty-six operated cases, J. Lawrence Pool, 47
Cervical ribs, analysis of findings in fifty-seven operative cases, Bronson S. Ray, Robert Hardy and Herbert Parsons, 60
Chusid, Joseph G. and C. G. de Gutierrez-Mahoney, Local electrocortical responses induced by topical application of acetylcholine chloride to human cerebral cortex, 150
Lenore M. Kopeloff and Nicholas Kopeloff, Experimental epilepsy in the monkey following multiple intracranial injections of alumina cream, 898
Cole, Rufus I., M.D., Citation and presentation of the Academy Medal to, Wm. Barclay Parsons, 272
Committee on Public Health Relations, Statement on qualifications for School Medical Director, 518
Common sense in endocrinology, Fuller Albright, 5
Corticotropin, cortisone and related steroids in clinical medicine, practical considerations, Charles Ragan, 355
Cortisone and related steroids, Corticotropin, in clinical medicine, practical considerations, Charles Ragan, 355
Cox, Herald R., Active immunization against poliomyelitis, 943
Craig, Howard Reid, Citation and presentation of the Academy Plaque to Mr. John W. Davis, 274
Creative imagination, Psychoanalysis and the study of, Ernst Kris, 334
Cushing's syndrome, Abbie I. Knowlton, 441
Cytology, Exfoliative, as a screen test for urinary tract malignancy, John M. Silberblatt, 889

D

Dao, Thomas L. Y. See Bergenstal, Delbert M., joint author
Davis, Mr. John W., Address, 276
Citation and presentation of the Academy Plaque to, 274
Dermatology, Recent advances in, Carl T. Nelson, 138
Diabetes, Current concepts of, Sol Sherry, 202
Management of (Panel Meeting on Therapeutics), George E. Anderson, Frank N. Allan, Joseph T. Beardwood, Jr. and Garfield G. Duncan, 865
mellitus, Notes on the history of, II, search for the antidiabetic principle,

Laurence Farmer, 636
Diaz Rivera, R. S. See Woodward, Theodore E., joint author
Diethelm, Oskar, Alcohol problem, 972
Doctor-patient relationship, Evolution of the, J. H. Means, 725
Doyle, Thomas L., Psychiatric aspects of neurodermatitis, 570
Ductus arteriosus, Patent, George R. Holswade and Henry P. Goldberg, 694
Duncan, G. G. See Anderson, George E., joint author.

E

Electrocortical responses, Local, induced by topical application of acetylcholine chloride to human cerebral cortex, Joseph G. Chusid and C. G. de Gutierrez-Mahoney, 150
Electroencephalogram in psychotic patients, Metrazol activation of the, Albert N. Browne-Mayers and Leonard R. Straub, 80
Emotions, Hormones and their influence on the, Francis J. Braceland, 761
Endocrine control of metabolism, Frank L. Engel, 175
disease, Diagnosis of, clinical and laboratory considerations, Louis J. Soffer, 101
Endocrinology, Common sense in, Fuller Albright, 5
Endometrial cancer, An evaluation of the use of radiation in the treatment of, A. N. Arneson, 395
Engel, Frank L., Endocrine control of metabolism, 175
England, Medical care and social policy in Seventeenth Century, George Rosen, 420
Epilepsy, Experimental, in the monkey following multiple intracerebral injections of alumina cream, Joseph G. Chusid, Lenore M. Kopeloff and Nicholas Kopeloff, 898
Ewing (James) Memorial Lecture
An evaluation of the use of radiation in the treatment of endometrial cancer, A. N. Arneson, 395
Eye changes in relationship to disorders of thyroid function, Lawrence W. Sloan, 505

F

Farmer, Laurence, Notes on the history of diabetes mellitus, II, search for the antidiabetic principle, 636
Friday Afternoon Lectures
Current concepts of diabetes, Sol Sherry, 202
Recent advances in dermatology, Carl T. Nelson, 138

G

Gamma globulin, Passive immunization against poliomyelitis with especial consideration of the effectiveness of, W. McD. Hammon, 930
Gerstle, Mark Lewis, Jr., Liaison psychiatrist, his role in gynecology, 249
Glenn, Frank, Introductory remarks, Symposium on cardiovascular surgery, 666 and Harold J. Stewart, Mitral commissurotomy, 677
Goldberg, Henry P. See Holswade, George R., joint author.
Gonadotropins, steroids and, Use of, in gynecology, Howard C. Taylor, Jr., 709
Graduate Fortnight, 1952
Choice of management in patients with thyrotoxicosis, Cyrus C. Sturgis, 537
Common sense in endocrinology, Fuller Albright, 5
Corticotropin, cortisone and related steroids in clinical medicine, practical considerations, Charles Ragan, 355
Cushing's syndrome, Abbie I. Knowlton, 441
Diagnosis of endocrine disease, clinical and laboratory considerations, Louis J. Soffer, 101
Disturbances in growth, Lawson Wilkins, 280
Endocrine control of metabolism, Frank L. Engel, 175
Hormonal control of neoplastic growth, Rulon W. Rawson, 595
Hormones and their influence on the emotions, Francis J. Braceland, 761
Hormones and peptic ulcer, Joseph B. Kirsner, 477
Hormones of the adenohypophysis, Ab-

raham White, 11
Hormones of the adrenal cortex, Edward C. Kendall, 91
Management of Addison's disease in adrenalectomized patients, Delbert M. Bergenstal and Thomas L. Y. Dao, 295
Metabolic effects of insulin, DeWitt Stetten, Jr., 466
Opening address, Wm. Barclay Parsons, 3
Parathyroid hormone and mineral metabolism, I. Snapper, 612
Pheochromocytoma, George F. Cahill, 745
Pituitary thyroid relationship in normal and disordered thyroid states, Sidney C. Werner, 523
Regulation of water excretion by the neurohypophysis, H. B. van Dyke, 24
Thyroiditis and myxedema, David P. Barr, 551
Use of the steroids and gonadotropins in gynecology, Howard C. Taylor, Jr., 709
Virilism, Joseph W. Jailer, 377
Graduate Fortnight, 1953
Program, 587, 658, 741, 825
Greenacre, Phyllis, Psychoanalysis and the cycles of life, 792
Grossman, Jacob. See Leiter, Louis, joint author.
Growth, Disturbances in, Lawson Wilkins, 280
Gutierrez-Mahoney, C. G. de. See Chusid, Joseph G., joint author.
Gynecology, Liaison psychiatrist, his role in, Mark Lewis Gerstle, Jr., 249

H

Hafkenschiel, Joseph H. See Wolferth, Charles C., joint author.
Hammon, W. McD., Passive immunization against poliomyelitis with especial consideration of the effectiveness of gamma globulin, 930
Hardy, Robert. See Ray, Bronson S., joint author.
Hemorrhagic conditions, Pathological physiology of, Armand J. Quick, 226
Hightower, John A. See Woodward, Theodore E., joint author.
Hills, A. Gorman. See Wolferth, Charles C., joint author.
Hirsh, Joseph, Historical perspective of the problem of alcoholism, 961
Holswade, George R. and Henry P. Goldberg, Patent ductus arteriosus, 694
Hormonal control of neoplastic growth, Rulon W. Rawson, 595
Hormones and peptic ulcer, Joseph B. Kirsner, 477
and their influence on the emotions, Francis J. Braceland, 761
of the adenohypophysis, Abraham White, 11
of the adrenal cortex, Edward C. Kendall, 91
Horrax, Gilbert, Development of brain tumor surgery, 307
Horstmann, Dorothy M., Epidemiology and pathogenesis of poliomyelitis, 910
Hume, Edward H., Relationships in medicine between Asia and the Western World, 625
Hypertension, Effects of subtotal adrenalectomy alone and combined with sympathectomy upon the blood pressure levels and complications of severe arterial, Charles G. Wolferth et al., 115

I

Insulin, Metabolic effects of, DeWitt Stetten, Jr., 466

J

Jailer, Joseph W., Virilism, 377
Jeffers, William A. See Wolferth, Charles C., joint author.

K

Kast (Ludwig) Award, Common sense in endocrinology, Fuller Albright, 5
Keefer, Edward B. C., Clinical use of hom-

ologous arterial grafts (Part 1), 701
Kendall, Edward C., Hormones of the adrenal cortex, 91
Kirsner, Joseph B., Hormones and peptic ulcer, 477
Knowlton, Abbie I., Cushing's syndrome, 441
Kopeloff, Lenore M. See Chusid, Joseph G., joint author.
Kopeloff, Nicholas. See Chusid, Joseph G., joint author.
Kris, Ernst, Psychoanalysis and the study of creative imagination, 334

L

Lawrence, Merle, See Wever, Ernest Glen, joint author.
Lectures to the Laity
Program for 1953-54, 907
Leiter, Louis, Raymond E. Weston and Jacob Grossman, Low sodium syndrome, its origins and varieties, 833
Leptospirosis, Variable clinical manifestations of, Theodore E. Woodward, R. S. Diaz Rivera and John A. Hightower, 642
Library Notes
Fellows' publications requested for the Library, 201
Library celebration, 578
Supplemental list of available publications, 577
Low sodium syndrome, its origins and varieties, Louis Leiter, Raymond E. Weston and Jacob Grossman, 833
Lukas, Daniel S., Relation of cardiac catheterization to cardiovascular surgery, 668
Lyle, T. Keith, Orthoptic and surgical treatment of non-paralytic strabismus, 235

M

McElwain, Jack W. See Bacon, Harry E., joint author.
Martin, Alexander T., Inaugural address, 261
May (Charles H.) Lecture, Orthoptic and surgical treatment of non-paralytic strabismus, T. Keith Lyle, 235
Means, J. H., Evolution of the doctor-patient relationship, 725
Medical care and social policy in Seventeenth Century England, George Rosen, 420
Medicine, Relationships in, between Asia and the Western World, Edward H. Hume, 625
Metabolism, Endocrine control of, Frank L. Engel, 175
Metrazol activation of the electroencephalogram in psychiatric patients, Albert N. Browne-Mayers and Leonard R. Straub, 80
Microbiology, Section on
Variable clinical manifestations of leptospirosis, Theodore E. Woodward, R. S. Diaz Rivera and John A. Hightower, 642
Microbiology, Section on (abstracts)
Aspermatogenesis in the guinea pig induced by a single injection of homologous testicular material combined with paraffin oil and killed mycobacteria, Jules Freund, M. M. Lipton and G. E. Thompson, 739
Epidemiology of the leptospiroses, Robert H. Yager, 650
Laboratory diagnosis of leptospiral infections, William S. Gochenour, Jr., 648
Viremia in poliomyelitis, Dorothy M. Horstmann, 736
Milner, William A., Conservative methods in the treatment of tumors of the bladder, 71
Mineral metabolism, Parathyroid hormone and, I. Snapper, 612
Mitral commissurotomy, Frank Glenn and Harold J. Stewart, 677
Moore, S. W. Clinical use of homologous arterial grafts (Part 2), 705
Mudge, Gilbert H., Potassium imbalance, 846
Mycotic infections, Diagnosis and therapy of, David T. Smith, 774
Myxedema, Thyroiditis and, David P. Barr, 551

N

Nelson, Carl T., Recent advances in dermatology, 138

Neoplastic growth, Hormonal control of, Rulon W. Rawson, 595
Neurodermatitis, Psychiatric aspects of, Thomas L. Doyle, 570
Neurohypophysis, Regulation of water excretion by the, H. B. van Dyke, 24
New York Pathological Society (abstracts)
General theory of bone tumors, Lent C. Johnson, 164
Genito-Urinary tract lesions in Hodgkin's disease, George T. Hoffman, Antonio Rottino and Frederick Summerill, 655
Isolated nodules of regenerative hyperplasia of the liver, the problem of their differentiation from neoplasm, Charles F. Begg and William H. Berry, 735
Nature of acquired resistance to grafting with homologous tissue, Herbert C. Stoerk, 652
New optical methods for the study of the cell, applications in pathology, Robert C. Mellors, 172
Relationship of antecedent genito-urinary infections to the development of prostatic calculi and carcinoma, Alex L. Finkle, 585
Reminiscences on ferritin, S. Granick, 814
Some aspects of the metabolism of iron, Wellington B. Stewart, 814
Some clinicopathologic aspects of muscular dystrophy, Martin G. Netsky, 807
Some experiences with latent carcinoma of the prostate, Robert S. Totten, 579
Studies in experimental prostatic cancer, Herbert Brendler, 583
Studies on the nature and pathogenesis of muscular degeneration in cortisone-treated rabbits, John T. Ellis, 810
Vascularity of the early subcutaneous nodules of rheumatoid arthritis, L. Sokoloff, R. T. McCluskey and J. J. Bunim, 733

O

Obituary
Castiglioni, Arturo, 1874-1953, 438
O'Sullivan, Ward D. and Israel Steinberg. Coarctation of the aorta, 687

P

Panel Meetings on Therapeutics
Management of diabetes, George E. Anderson, Frank N. Allan, Joseph T. Beardwood, Jr. and Garfield G. Duncan, 865
Program for 1953-1954, 905
Parathyroid hormone and mineral metabolism, I. Snapper, 612
Parsons, Herbert. See Ray, Bronson S., joint author.
Parsons, Wm. Barclay, Address of the retiring President, 266
Citation and presentation of the Academy Medal to Rufus I. Cole, M.D., 272
Opening address, Twenty-Fifth Graduate Fortnight, 3
Pathological Society. See New York Pathological Society.
Peptic ulcer, Hormones and, Joseph B. Kirsner, 477
Pheochromocytoma, George P. Cahill, 745
Pituitary thyroid relationship in normal and disordered thyroid states, Sidney C. Werner, 523
Poliomyelitis, its control and prevention, a symposium, 909
Active immunization against poliomyelitis, Herald R. Cox, 943
Epidemiology and pathogenesis of poliomyelitis, Dorothy M. Horstmann, 910
Passive immunization against poliomyelitis with especial consideration of the effectiveness of gamma globulin, W. McD. Hammon, 930
